We are not able to open 1B scheduling to the community next week due to the quantity of vaccine doses we will receive relative to the extremely high interest among those in the Phase 1B group.

Because of the limited number of doses available, vaccine will be provided to some of University Health's current patients from underserved areas of the community who have pre-existing conditions or are at least 65 years of age, as well as some existing patients who are especially vu... My husband and I got our shots this morning at Wonderland and were so impressed with how organized and efficient everything was - from the check-in to the observation room.

Everything moved quickly - we got there at 10 for 10:30 appointments and found... [See more](#)
